

Testing services for

SoftPOS & EMVCo Early Adopter Programme for COTS

SoftPOS – cetecom advanced provides testing services for the new generation of smartphone based acceptance terminals (so-called SoftPOS terminal). With cetecom advanced's test lab, offering consultancy on how to test and certify this type of acceptance device, vendors will be in time on the market and compliant to payment scheme requirements.

LEVEL 1 - EMVCO EARLY ADOPTER PROGRAMME

For consumer-off-the shelf (COTS):

cetecom advanced is an accredited test laboratory for COTS devices testing. This program is seen as a quality assurance initiative for state-of-the-art smartphones to indicate the maturity of the device based on EMVCo Level 1 contactless requirements.

Following the EMVCo directive, cetecom advanced offers Debug Test and Approval Test Services:

- Interoperability Test
- Analog Test
- Digital Test

The vendor has to provide for the test execution:

- EMVCo Level 1 Contactless DTE for analog/digital
- Two (2) operational samples plus charger (original)
- Valid EMVCo ICS for COTS

EAP interoperability will be tested with EMVCo test applet. Vendor has to proof licence for the applet.

LEVEL 2 - SOFTPOS TESTING FOR PAYMENT SYSTEMS

cetecom advanced's test lab provides a 360° view on your SoftPOS product and offers a clear strategy to prepare the software based acceptance device to be compliant to the payment scheme requirement. SoftPOS redesigns the use of a COTS smartphone into a fully compliant acceptance terminal. cetecom advanced offers Debug Test Services:

- Tap-To-Phone VISA
- Tap-On-Phone Mastercard
- Tap-On-Mobile Discover
- SoftPOS AMEX
- Tap On Mobile JCB
- SoftPoS CUP

SoftPOS is mobile-centric and based on NFC technology. It is an alternative for micro merchants and to be used in specific business cases.

cetecom advanced's SoftPOS support is useful for any vendor as part of quality assurance and preparation of the testing and certification of the device.

OUR EXPERTS FOR PAYMENT & IDENTIFICATION TOPICS WILL BE GLAD TO ANSWER YOUR QUESTIONS:
