EMVCo Letter of Recognition – cetecom advanced GmbH

Recognition Number: CETI.L.0988

Laboratory Name:	cetecom advanced GmbH
Facility Name:	cetecom advanced GmbH
Facility Address:	Untertuerkheimer Str. 6-10 Saarbruecken, 66117 Germany
Scope:	See Appendix
End of validity period:	September 30, 2028

Dear Andreas Ehre:

EMVCo, LLC ("EMVCo"), a Delaware limited liability company, has received your request for recognition of the above referenced laboratory facility. After assessing such request, EMVCo has found reasonable evidence that the laboratory facility is capable of executing the type of testing listed above.

EMVCo hereby (a) grants your EMVCo recognition for your laboratory facility, subject to the conditions set forth herein, and (b) agrees to include your laboratory facility in EMVCo's list of recognized laboratories. Because EMVCo's grant is subject to such limitations, including certain events of termination, you and any third parties should confirm that such recognition is current and has not been terminated by referring to the list of recognized laboratories published on the EMVCo website (www.emvco.com).

CONDITIONS

EMVCo requires an interim proficiency audit to be successfully completed before the end of the validity period demonstrating the satisfactory resolution of the existing audit observations as a recognition probation condition.

EMVCo’s recognition granted in this letter only applies to the above referenced laboratory facility recognized by EMVCo.

This issuance of this letter is conditioned upon all necessary agreements having been executed, including without limitation the applicable test document license agreement and relationship agreement with EMVCo, and this recognition letter shall be effective only if such agreements have been executed contemporaneously with or prior to the issuance of this letter and as long as such agreements continue to be in effect.

EMVCo’s recognition is granted solely in connection with the facility reviewed by EMVCo and to the

submitting laboratory. Such recognition may not be assigned, transferred or sublicensed, either directly or indirectly, by operation of law or otherwise. Only those laboratories who have a valid letter of recognition from EMVCo for a facility may claim that they have a recognized laboratory facility.

EMVCo may revoke its recognition of a laboratory at any time in its sole discretion. Because this recognition may be revoked at any time, no third party should rely on this recognition letter at any time without first confirming the continued effectiveness of the recognition with EMVCo. EMVCo reserves the right to modify the terms or duration of this recognition at its sole discretion, including without limitation to accommodate business or security requirements. Even though EMVCo has recognized the laboratory facility described in this letter, the laboratory shall be responsible for compliance with all applicable specifications and for all liabilities resulting from the use of the laboratory facility.

You may now communicate that the laboratory facility listed above is EMVCo recognized; provided, however, that (a) you also communicate any of the limitations on EMVCo's qualification described in this letter under the heading Conditions, (b) when identifying that the laboratory facility has been EMVCo recognized, you provide specific details identifying which facility has been recognized and not release a general statement implying that all of the facilities of the laboratory have been recognized, (c) your communication in no way suggests that by using your laboratory for testing or debugging purposes that a vendor will be guaranteed an EMVCo approval of their product, (d) your communication in no way implies that you are a preferred laboratory of EMVCo, and (e) all written communications referring to EMVCo's recognition shall contain the following legend:

> "EMVCo recognition does not under any circumstances include any endorsement or warranty regarding the functionality, quality or performance of any particular product or service. EMVCo does not warrant any products or services provided by third parties. EMVCo recognition does not under any circumstances include or imply any product warranties from EMVCo, including, without limitation, any implied warranties of merchantability, fitness for purpose, or non-infringement, all of which are expressly disclaimed by EMVCo. All rights and remedies regarding products and services which have received EMVCo recognition shall be provided by the party providing such products or services, and not by EMVCo."

This Letter of Recognition is valid while the laboratory name is posted on the EMVCo website.
